CAREER OBJECTIVE

Front-End Developer with proven experience in helping companies to create and maintain a better codebase for reusability. I love a lot about the aesthetics of coding and at most the efficiency of a codebase and more importantly the mobile-first approach. I am committed to improving organization processes, procedures and operational strategies. Passionate about learning and development and eager to tackle more complex problems and continue to find ways to maximize user efficiency.

WORK EXPERIENCE

Front-End Developer

HNG I8 (Zuri)

August 2019 - December 2019

- Created User stories that helped enhance user experience.
- Teamed up with other frontend developers to create pixel perfect user-interface.
